# SHIPPING KITS

When traveling parents need to send breast milk home, our shipping kits offer a reliable solution. We always overnight ship—because milk matters.

## PUMP & SHIP

This is our bestselling shipping solution. It's designed for pumping parents who need to ship refrigerated breast milk while away from home.

### ✓ Two size options

- 34 oz capacity
  - 72 oz capacity
- Includes 6 storage bags
- Includes 12 storage bags

### ✓ 60 hours of cooling

Keeps breast milk safely refrigerated from pickup to delivery.

### ✓ Includes everything

Pre-labeled FedEx Priority Overnight return label, reusable cooler, tamper-proof seals, and full instructions.

### ✓ Door-to-door pickup

Parents can schedule a FedEx pickup from their hotel, office, or conference center..

**Pump & Ship takes the guesswork out of breast milk logistics and gives parents peace of mind while they're away. It's a favorite for business trips, trainings, and travel-heavy roles.**

## FREEZE & SHIP

Built for frozen milk. Whether a parent is on a multi-day trip or just prefers to freeze their milk before sending it home, the Freeze & Ship is a reliable, parent-friendly option.

### ✓ Two size options

- 48 oz capacity
- 90 oz capacity

### ✓ 96 hours of cooling

Maintains frozen temperatures throughout the shipping process.

### ✓ Includes everything

Each kit comes with a ready-to-use cooler, tamper-evident seals, detailed packing instructions, and a pre-addressed FedEx Priority Overnight shipping label.

### ✓ Flexible delivery options

Parents can schedule a pickup or drop it at the nearest FedEx location—whatever works best for their day.

**The Freeze & Ship is especially helpful for those on longer trips.**

# CARRY-ON COOLERS

Ideal for travel days, conferences, and shorter trips, our carry-on coolers provide a convenient solution for transporting breast milk.

**We provide TSA guidance with every cooler to assist parents during security screenings.**

## PUMP & TOTE

Designed for parents who prefer to carry their milk with them, the Pump & Tote offers:

- ✓ **Two size options**
  - 34 oz capacity  Includes 6 storage bags
  - 72 oz capacity  Includes 12 storage bags
- ✓ **60 hours of cooling**

Ensuring breast milk remains fresh during extended trips.
- ✓ **TSA-compliant design**

Facilitates smooth passage through airport security.
- ✓ **Easy activation**

Features a push-button cooler for immediate use.

**Each kit comes with a tote bag for discreet and convenient transport.**

## FREEZE & TOTE

For parents needing to transport frozen milk, the Freeze & Tote provides:

- ✓ **96 hours of cooling**

Maintains breast milk in a frozen state throughout travel.
- ✓ **Compact and TSA-friendly**

Designed for hassle-free carry-on.
- ✓ **48 oz capacity**

Accommodates various breast milk storage bag types.

**This cooler is perfect for long flights or weekend trips.**

# DAILY BREAST MILK STORAGE

The Milk Cubby is a compact, soft-sided cooler that helps parents stick to their pumping routine—no matter where work takes them.

Whether they're heading to a client meeting, flying to a conference, visiting a job site, commuting long distances, or spending hours at the NICU, the Milk Cubby keeps pumped milk safe, cool, and discreet until it's time to get it home.

## MILK CUBBY

This is the go-to option for hybrid or in-office employees who need breast milk storage they can count on.

- ✓ **Designed for daily use**

Durable, easy-to-clean materials hold up across multiple pumping sessions.

- ✓ **Fits in shared fridges**

Compact and discreet to avoid awkward fridge situations.

- ✓ **Includes reusable ice packs**

Keeps breast milk cool during the commute.

- ✓ **Flexible capacity**

Holds multiple storage bags or bottles.

# SHIPPING FOR SURROGACY

The Stash Surrogacy Bundle is thoughtfully designed to support the safe, reliable transport of frozen breast milk from gestational carriers to Intended Parents. This solution ensures that newborns receive the essential nutritional benefits of breast milk—no matter the distance.

## STASH SURROGACY BUNDLE

For Intended Parents who want a seamless way to receive recurring breast milk shipments from their gestational carrier after birth.

✓ **180 oz capacity**

Holds up to 180 oz of frozen breast milk.

✓ **96 hours of active cooling**

Keeps breast milk at the optimal temperature during transit.

✓ **Reusable System**

- **For Intended Parents:** Includes 4 FedEx 2-Day labels for returning the empty cooler to the surrogate.
- **For Gestational Carriers:** Includes 5 sets of pre-addressed FedEx Priority Overnight shipping labels for sending milk to Intended Parents.

**Streamlines two-way breast milk shipments between gestational carrier and Intended Parents using a single reusable cooler.**

# RELOCATION

Milk Stork's line of Stash and EcoStash coolers provide high-capacity solutions to move substantial frozen supplies of breast milk.

## STASH MOVER

Designed for parents who need to ship their freezer stash of frozen breast milk.

- ✓ **180 oz capacity**  
Holds up to 180 oz. of frozen breast milk.
- ✓ **96 hours of active cooling**  
Keeps breast milk at the optimal temperature during transit.
- ✓ **Reusable**  
Can be stored and used for future shipments.

## STASH SHIPPER

- ✓ **Shipping Included**  
Comes with a pre-addressed FedEx Priority Overnight shipping label for hassle-free delivery.

## ECOSTASH MOVER

Our largest, long-lasting cooler for parents who need the extra room and extended cooling time.

- ✓ **240 oz capacity**  
Holds up to 240 oz. of frozen breast milk.
- ✓ **120 hours of active cooling**  
Keeps breast milk at the optimal temperature during transit.
- ✓ **Reusable**  
Can be stored and used for future shipments.

## ECOSTASH SHIPPER

- ✓ **Shipping Included**  
Comes with a pre-addressed FedEx Priority Overnight shipping label for hassle-free delivery.

# FLOCK BENEFITS

Deepen your commitment to supporting breastfeeding families with these add-on benefits for employees navigating the return to work and early parenting. Complement your Milk Stork shipping solution and show your employees you've got their backs—even beyond business travel.

## VIRTUAL LACTATION CONSULTING

Give parents access to board-certified lactation consultants anytime, from home. Whether they have feeding challenges, questions, or just need guidance, they can get personalized help on their schedule.

- ✓ Available in 1-, 3-, and 6-month support packages
- ✓ Flexible scheduling and virtual access

## INSURANCE-COVERED BREAST PUMPS

Make it easy for new parents to select and receive an insurance-covered breast pump—shipped directly to their door.

- ✓ No cost to your company or your employees
- ✓ Streamlines the pump selection and delivery process
- ✓ Reduces administrative burden for HR teams

## 6-MONTH SNOO SMART SLEEPER

Support sleep-deprived parents with the award-winning SNOO smart bassinet.

- ✓ Promotes better sleep for babies and parents
- ✓ Helps with the return-to-work transition
- ✓ Includes white-glove delivery and pickup

## HOW IT WORKS

Ordering and using Milk Stork products is a straightforward process:

### Employee Access

Log in using the company-provided credentials.

### Product Selection

Choose the appropriate solution based on travel plans and breast milk transportation needs.

### Delivery Options

Have the kit shipped to a preferred location—home, office, hotel, or other destinations

### Usage

Follow the provided instructions to pack and transport breast milk.

### Support

Access customer service for assistance throughout the process.

**No codes. No hoops. Just support when it's needed most.**

# BEYOND TRANSPORTATION

Milk Stork offers additional services to support parents in various situations:

## Adoption and Surrogacy Kits

Specialized solutions to facilitate breast milk sharing and transportation.

## International Support

Guidance and products tailored for international travel and shipping.

## Relocation Solutions

Built for large-volume breastmilk moves—ideal for families relocating with frozen milk.

**We've seen it all—and we're ready to help your employees navigate every scenario with confidence.**

# TESTIMONIALS

**Emily Button** · 3rd+  
Pediatric Sales Representative

Being a mom, working full time and exclusively breastfeeding/pumping has been one of the most amazing, rewarding and challenging jobs yet! Thankfully, living and working in the beautiful state of Colorado provides for some awesome spots to stop and pump throughout my workdays.

I am grateful to work for **Abbott**, a company that knows the value and supports the needs of breastfeeding momma's by providing benefits from **Milk Stork** - I was able to travel across the state of Colorado this week to support my customers while also continuing to support my son! ♡

**#momonamission** truly describes how I feel about my pumping and work journey!

In honor of **#WorldBreastfeedingWeek**, I wanted to share this amazing benefit provided by **Diageo** - it's called **Milk Stork**.

Milk Stork provides a no hassle solution for nursing mothers who are traveling for work by ensuring their breast milk is safely collected and delivered to their babies. The service eliminates the hassle of managing milk storage and transportation, allowing mothers to focus on their professional responsibilities without compromising their breastfeeding goals.

This is a partnership I am so proud of and is a testament to the commitment Diageo makes to supporting their employees at all stages of life.

**#milkstork #Diageo #proudofwhatwedo #iworkfordiageo #nursing #career #momonamission**

"This week I was able to attend Honeywell's Leadership Development Program at our headquarters in Charlotte, NC. With Honeywell's new added benefit Milk Stork, **I was able to ship my breast milk back home to my baby.** This was truly a game changer for moms on business travel!"

WENDY GEIER

*Director Business Development, Honeywell Intelligrated*

# GETTING PUMPED?

Milk Stork makes it easier for working parents to do their jobs without compromising how they feed their babies. From everyday work trips to major life transitions, our products and services are built to reduce stress, simplify logistics, and show parents they're supported.

**If you're ready to offer practical, high-impact support to your team, let's go!**
