MILK STORK TRAVEL SOLUTIONS

Explore our core solutions to
get breast milk home from
anywhere in the world.

SHIPPING KITS

When traveling parents need to send breast milk home, our shipping kits offer a reliable solution. We always overnight ship—because milk matters.

PUMP & SHIP

This is our bestselling shipping solution. It's designed for pumping parents who need to ship refrigerated breast milk while away from home.

✓ Two size options

- 34 oz capacity  Includes 6 storage bags
- 72 oz capacity  Includes 12 storage bags

✓ 60 hours of cooling

Keeps breast milk safely refrigerated from pickup to delivery

✓ Includes everything

Pre-labeled FedEx Priority Overnight return label, reusable cooler, tamper-proof seals, and full instructions

✓ Door-to-door pickup

Parents can schedule a FedEx pickup from their hotel, office, or conference center

Pump & Ship takes the guesswork out of breast milk logistics and gives parents peace of mind while they're away. It's a favorite for business trips, trainings, and travel-heavy roles.

FREEZE & SHIP

Built for frozen milk. Whether a parent is on a multi-day trip or just prefers to freeze their milk before sending it home, the Freeze & Ship is a reliable, parent-friendly option.

✓ Two size options

- 48 oz capacity
- 90 oz capacity

✓ 96 hours of active cooling

Maintains frozen temperatures throughout the shipping process

✓ Includes everything

Each kit comes with a ready-to-use cooler, tamper-evident seals, detailed packing instructions, and a pre-addressed FedEx Priority Overnight shipping label

✓ Flexible delivery options

Parents can schedule a pickup or drop it at the nearest FedEx location—whatever works best for their day

The Freeze & Ship is especially helpful for those on longer trips.

CARRY-ON COOLERS

Ideal for travel days, conferences, and shorter trips, our carry-on coolers provide a convenient solution for transporting breast milk.

We provide TSA guidance with every cooler to assist parents during security screenings.

PUMP & TOTE

Designed for parents who prefer to carry their milk with them, the Pump & Tote offers:

- ✓ **Two size options**
 - 34 oz capacity  Includes 6 storage bags
 - 72 oz capacity  Includes 12 storage bags
- ✓ **60 hours of active cooling**

Ensuring breast milk remains fresh during extended trips.
- ✓ **TSA-compliant design**

Facilitates smooth passage through airport security.
- ✓ **Easy activation**

Features a push-button cooler for immediate use

Each kit comes with a tote bag for discreet and convenient transport.

FREEZE & TOTE

For parents needing to transport frozen milk, the Freeze & Tote provides:

- ✓ **96 hours of active cooling**

Maintains breast milk in a frozen state throughout travel.
- ✓ **Compact and TSA-friendly**

Designed for use as a hassle-free carry-on
- ✓ **48 oz capacity**

Includes 8 Lansinoh breast milk storage bags

This cooler is perfect for long flights or weekend trips.

CHECK COOLERS

Ideal for travel days, conferences, and flights, our check coolers allows parents to easily check their breast milk as luggage at the airport.

All of our check coolers are TSA-compliant.

PUMP & CHECK

Designed for parents who prefer to check their breast milk as luggage, the Pump & Check offers:

- ✓ **108 oz capacity**
Includes 18 Lansinoh breast milk storage bags
- ✓ **96 hours of active cooling**
Ensures breast milk remains refrigerated during extended trips
- ✓ **TSA-friendly design**
Easily check as luggage at the airport
- ✓ **Easy activation**
Features a push-button cooler lid for immediate use

Each kit comes with a durable travel bag and luggage tag.

FREEZE & CHECK

For parents needing to transport frozen milk, the Freeze & Check provides:

- ✓ **90 oz capacity**
Includes 15 Lansinoh breast milk storage bags
- ✓ **96 hours of active cooling**
Maintains breast milk in a frozen state throughout travel
- ✓ **TSA-friendly design**
Easily check as luggage at the airport

This cooler is perfect for long flights or weekend trips.

ESSENTIAL KITS

Supportive, parent-designed kits that make breastfeeding and pumping easier—whether you're at home, returning to work, or on the go.

MILK STORK BREASTFEEDING SUPPORT KIT

Created for the early stages of parenthood, this kit includes the essential tools new moms need to support breastfeeding and pumping at home or during the return-to-work transition.

- ✓ Curated tools for comfort, milk collection, and organization
- ✓ Ready to use right out of the box
- ✓ Vetted by Milk Stork moms

Ideal for new parent gifting, employee leave support, or for anyone navigating early feeding challenges with limited time and sleep.

MILK STORK BREAST PUMPING TRAVEL ESSENTIALS

This TSA-friendly bundle is made for pumping parents on the go. Whether flying or attending a work event, it helps them stay on track with feeding—anywhere, anytime.

- ✓ Compact, lightweight, and easy to pack
- ✓ Includes cleaning and backup tools for low-stress pumping
- ✓ Inspired by real travel stories from Milk Stork parents

The go-to solution for mobile moms with packable tools, travel wipes, and must-haves like a manual pump backup.

MILK STORK FOR SURROGACY

Discover solutions designed to support the safe, reliable transport of frozen breast milk between Intended Parents and their surrogate.

MILK STORK FOR SURROGACY

STASH INTRO BUNDLE

The Stash Intro Bundle is a streamlined frozen breast milk shipping solution designed for surrogates just starting to provide breast milk after birth.

✓ **90 oz capacity**

Holds up to 90 oz of frozen breast milk

✓ **96 hours of active cooling**

Keeps breast milk at the optimal temperature during transit

✓ **Ship 90-ounce batches of frozen breast milk twice**

BEYOND BREAST MILK SHIPPING

Complement your Milk Stork shipping solution and show your employees you've got their backs, even beyond business travel.

FLOCK BENEFITS

Deepen your commitment to supporting breastfeeding families with these add-on benefits for employees navigating the return to work and early parenting.

VIRTUAL LACTATION CONSULTING

Give parents access to board-certified lactation consultants anytime, from home. Whether they have feeding challenges, questions, or just need guidance, they can get personalized help on their schedule.

- ✓ Available in 1-, 3-, and 6-month support packages
- ✓ Flexible scheduling and virtual access

INSURANCE-COVERED BREAST PUMPS

Make it easy for new parents to select and receive an insurance-covered breast pump—shipped directly to their door.

- ✓ No cost to your company or your employees
- ✓ Streamlines the pump selection and delivery process
- ✓ Reduces administrative burden for HR teams

6-MONTH SNOO SMART SLEEPER

Support sleep-deprived parents with the award-winning SNOO smart bassinet.

- ✓ Promotes better sleep for babies and parents
- ✓ Helps with the return-to-work transition
- ✓ Includes white-glove delivery and pickup

GIFTS FOR NEW PARENTS

While new moms often receive plenty of onesies and pacifiers, the most impactful gifts focus on them: their wellbeing, confidence, and the tools they need to succeed as new parents.

GIFTS FOR NEW PARENTS

Milk Stork's gifting approach focuses on supporting parents' wellbeing and success—not just providing baby items. Each thoughtfully curated gift includes practical, empowering resources and arrives in co-branded packaging with a personalized congratulations postcard.

SMALL GIFT OPTIONS

✓ **Milk Cubby** ★ *Most Popular*

Being a mom, working full time and exclusively breastfeeding/pumping has been one of the most amazing, rewarding and challenging jobs yet! Thankfully, living and working in the beautiful state of Colorado provides for some awesome spots to stop and pump throughout my workdays.

I am grateful to work for [Abbott](#), a company that knows the value and supports the needs of breastfeeding momma's by providing benefits from [Milk Stork](#) - I was able to travel across the state of Colorado this week to support my customers while also continuing to support my son! ♡

[#momonamission](#) truly describes how I feel about my pumping and work journey!

In honor of [#WorldBreastfeedingWeek](#), I wanted to share this amazing benefit provided by [Diageo](#) - it's called [Milk Stork](#).

Milk Stork provides a no hassle solution for nursing mothers who are traveling for work by ensuring their breast milk is safely collected and delivered to their babies. The service eliminates the hassle of managing milk storage and transportation, allowing mothers to focus on their professional responsibilities without compromising their breastfeeding goals.

This is a partnership I am so proud of and is a testament to the commitment Diageo makes to supporting their employees at all stages of life.

[#milkstork](#) [#Diageo](#) [#proudfwhatwedo](#) [#iworkfordiageo](#) [#nursing](#) [#career](#) [#momonamission](#)

"This week I was able to attend Honeywell's Leadership Development Program at our headquarters in Charlotte, NC. With Honeywell's new added benefit Milk Stork, **I was able to ship my breast milk back home to my baby.** This was truly a game changer for moms on business travel!"

WENDY GEIER

Director Business Development, Honeywell Intelligrated

GETTING PUMPED?

Milk Stork makes it easier for working parents to do their jobs without compromising how they feed their babies. From everyday work trips to major life transitions, our products and services are built to reduce stress, simplify logistics, and show parents they're supported.
