

PUMPING ON THE GO, MADE EASIER

Milk Cubby™ is the most powerful breast milk cooler on the planet.

Simplifies pumping on the go.

Safely refrigerates body-temperature breast milk using only ice packs.

Worry-free travel.

Extended cooling power for long travel days or hot temperatures.

Peace of mind.

Relax knowing that your breast milk is safe and ice-cold.

Fewer trips to the fridge.

Stores 24 oz. of breast milk and keeps it cold for up to 15 hours.

PERFECT FOR:

Sales meetings
on the road

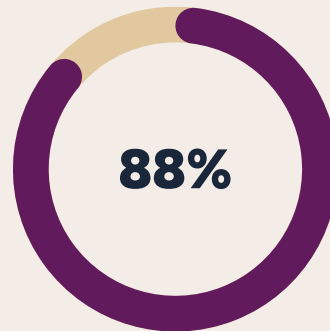

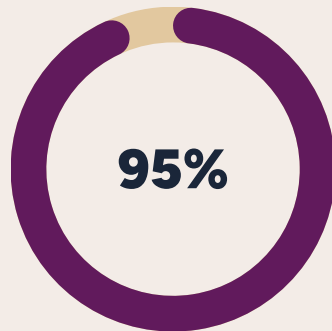

Workplace
refrigeration

Conferences &
conventions

What's Included:

95% of Milk Stork parents say pumping is the hardest part about breastfeeding.

91.2% are more likely to travel for work with Milk Stork.

My milk was kept cold, and some even went from freshly produced to icicle-frozen while I traveled a 9-hour day!
